I have a rich experience in Media and Television. I have been a Director, TV Actor, Documentary Segment Producer, Comedy Writer, Telenovela Writer, Music Video Director, and I am also a Photographer. I also go by "Bidz Dela Cruz" if you need to check me in IMDB.com.

I am a well-rounded person. I am not only artistic, I am also athletic and drug-free. I rarely get sick. I am a mountaineer, mountain biker and a rock climber. I used to be a competitive dragonboat rower, and powerlifter varsity in College. I am always active, hates to be late, and is not easily let down.

I have good analytical skills, I am a good team player with a very extrovert personality, I can easily adapt to situations, I can handle pressures properly, and I have the ability to negotiate with individuals. I am a member of the Tallahassee Mountain Bike Association, the local mountain biking group here. I have good telephone, computer and decision-making skills. I can also easily report to a Senior Producer. I also have a good command of the written language. Some of my written works can be found in the internet if you type in "Bidz Dela Cruz" in the google search box.
