

# Anjum Faraz

## Software Engineer

Austin, TX - Email me on Indeed: [indeed.com/r/Anjum-Faraz/e6a2d5edb38af343](https://www.indeed.com/r/Anjum-Faraz/e6a2d5edb38af343)

I am a young professional looking to join a collaborative and innovative team. Coming from a background in Information Systems, I have worked hard to develop a strong understanding of CS fundamentals with the skills to work on front end JavaScript frameworks (React, Angular) along with back end tools like (Node.js, express).  
Willing to relocate: Anywhere  
Authorized to work in the US for any employer

### WORK EXPERIENCE

#### Web Developer

Freelance Software Developer - Austin, TX - 2016 to Present

Working on various different web projects as a freelance developer.

#### Software Engineer

Hack Reactor - Austin, TX - 2016 to 2016

Advanced Software Engineering Immersive Program with 650+ hours of programming and learning.

#### Systems Analyst/Programmer

Empyrean Benefit Solutions - Houston, TX - 2015 to 2016

During my time at Empyrean, I handled three clients and worked with their vendors on a daily basis. I utilized JavaScript and Microsoft SQL Server to resolve issues in data and web applications. I regularly provided quality analysis and data checks on the in-house software and completed change orders by modifying existing programming logic, resulting in an estimated \$5k-\$10k in company revenue.

#### IT Consultant

The Citizen's Foundation - Houston, TX - 2014 to 2015

My work at the Citizen's Foundation involved managing the full software development lifecycle from ideation to sprints to deployment. I worked with a team of three other students to design and integrate a database system to store donor information and transactions. I also used VB.NET to create an automated tool which helped streamline their financial reporting.

#### Corporate Development Intern

Houston Rockets - Houston, TX - 2013 to 2014

During my internship with the Houston Rockets, I maintained a detailed database of all corporate clients and prospects. I also handled key relationships with high-profile corporate clients for the Houston Rockets Suites Department.

### EDUCATION

#### Computer Software Engineering

Hack Reactor  
2016

#### Bachelor of Business Administration in Management Information Systems

C. T. Bauer College of Business, University of Houston - Houston, TX  
December 2014
