WORK EXPERIENCE

Lecturer Computer Science
King Faisal University Al-Ahsa - 2010 to 2012

Saudi Arabia
Whilst working as a lecturer my role consisted of the following:
• To contribute to taught programmes at all levels both within and beyond their particular specialism,
• To undertake student support and assessment activities as appropriate.
• Work with the team (and lead where possible) in the development of new modules, new programmes
• Using innovative teaching and delivery methods.
• Undertake original research in Computer Science, Information Systems or related disciplines
• Prepare Research material for publication.
• Participated in quality assurance activities as per universities requirements
• To contribute to the international Computer Science community
• To participate in departmental and faculty seminars aimed at sharing research outcomes
• Refereeing and reviewing of project proposals and manuscripts.
• Undertake the role of Personal Academic Tutor to a group of students
• Contribute to the research environment of the Department, School and the University as appropriate.
• Work flexibly as a member of the School undertaking routine additional tasks as necessary.
• Contribute, appropriate to experience, to the broader work of the University.

Lecturer Computer Science
Mirpur University of Science & Technology - 2006 to 2010

Mirpur(A-K), Pakistan
Whilst working as a lecturer my role consisted of the following
• To teach at undergraduate and graduate level in areas allocated by the Head of Department and reviewed from time to time by the Head of Department.
• To carry out research and produce publications, or other research outputs,
• Work in line with personal objectives agreed in the Staff review process.
• To engage with the broader scholarly and professional communities.
• To contribute to the development, planning and implementation of a high quality curriculum.
• To assist in the development of learning materials, preparing schemes of work and maintaining records
• To monitor student progress, achievement and attendance.
• To participate in departmental and faculty seminars aimed at sharing research outcomes
• Interdisciplinary collaboration within and outside the department.
• To participate in the development, administration and marking of exams and other assessments.

I have taught the following courses to undergraduates:

Software Engineering, Software Quality Assurance, Software Project Management, Software Design and Architecture, Database Systems, Operating Systems and Concepts, Object Oriented Programming using C++, Fundamentals of Programming, Web Design and Development using HTML/DHTML/JavaScript, Distributed Databases, Human Computer Interaction, and IT Project Management.

Administrative/Supportive Work

Besides course work, I had conducted several exams or assessment sessions, monitored them, settled question papers, supervised (students') semester projects, participated in curriculum development committees, developed course reports & course specification, students' disciplines and scholarship matters.

EDUCATION

Msc in Computing System
Nottingham Trent University
2016 to 2017

MSCS in Computer Science
Iqra University Islamabad Campus
2008 to 2010

B.Ed. in Education
Allama Iqbal Open University   -   Islamabad, PK
2006 to 2007

B.A in Arts
Azad Jammu & Kashmir University   -   Jammu, Jammu and Kashmir
2000 to 2002
